Management's Comment:

Mr. Ashish Shah, Director, Vertoz Limited, said:

""FY2025 was a defining year for us — one that reshaped how we think, operate, and look at the future. FY2026, however, feels different. It's not just about growth; it's about stepping into what's next.

This year, we've taken bold steps — entering new verticals like education by partnering with institutions such as XLRI, expanding into new markets, and bringing in new leadership to drive these fresh ambitions. What's exciting is that this is just the beginning. The momentum we're building is unlike anything we've done before.

***The results speak for themselves. Last year, we grew substantially — and yet, this June quarter has been our best in five years.** It reaffirms that the path we've chosen is working — and evolving.*

But more than numbers, what drives us is a deeper purpose. Vertoz is not just an advertising company. We are a digital-first partner helping businesses become global brands through the power of MadTech and CloudTech.

I'm deeply thankful — to our team across geographies, to our clients who place their trust in us, and to everyone who believes in the journey we're on. We're just getting started."
